TODD A. MORROW, MD, FACS

Focusing solely on the face, head, and neck, Dr. Todd Morrow is a board-certified facial plastic surgeon and ear, nose, and throat (ENT) specialist in a group practice in West Orange. With extensive training and expertise in both fields, Dr. Morrow is able to provide an unparalleled level of care to his patients. A caring, honest approach, and meticulous attention to detail are used to achieve the highest degree of patient satisfaction.

Dr. Morrow's cosmetic facial practice provides an array of services that include both surgical and noninvasive procedures. "We provide a customized individual approach in order to achieve superior outcomes and results that look both normal and natural," he says. Dr. Morrow and his licensed aesthetician utilize a medical-grade skin care program in combination with

laser and light-based energy devices to address the visible signs of aging, such as fine lines and wrinkles, brown and red age spots, and sun-damaged skin, providing gratifying results with a minimal amount of downtime. Also available are filler agents (Restylane®, Juvéderm™) and Botox®. Dr. Morrow's surgical expertise includes rhinoplasty (nose surgery), eye- and face-lifts, chin and cheek implants, brow- and forehead-lifts, correction of protruding ears, and repair of facial fractures.

Since 1993, Dr. Morrow has provided pro bono services to victims of domestic violence through the American Academy of Facial Plastic and Reconstructive Surgery program FACE TO FACE: The National Domestic Violence Project.
